Pedigree Analysis for:

Can You Heir Me Now? 118680

The most unusual aspect of this pedigree is the powerful presence of Stonewall Supreme and Stonewall King. There are four crosses to Stonewall Supreme who was linebred to Rex Peavine. Stonewall Supreme is considered by many to be the best son of Stonewall King and was a #1 rated sire whose get were noted for extreme hock action and gameness. His impact on the breed is immense to say the least. He holds the most successful record as a broodmare sire of Kentucky State Fair winners was 28%; considering he only had 139 registered get this is an amazing accomplishment. Some of the greatest sires in this era of history boast Stonewall Supreme blood on their dam side- Supreme Heir, Foxfire Prophet, Radian Sultan, Harlem Globetrotter, Sultan's Great Day. The legacy of these five greats proves the value of Stonewall Supreme blood and the impact on the breed. And those are just the top of the list also consider Penny's Superior Stonewall, Rare Treasure, All Hail Columbia, (ETC....FURTHER RESEARCH)

Two names on this pedigree are full sisters- Ch Supreme Airs, and Supreme Fascination. This magnifies not only the amount of Stonewall Supreme, but also the chain of Hall Of Fame broodmares started by Wild Wind. My research on the registry couldn't find any other individual who had both of these prized mares on the same set of papers!! This should equal genetic superiority. Supreme Fascination was herself a Hall of Fame broodmare whose get include the WC harness mare Karrisa Hi-Lite and the exceptionally beautiful WC sire The Chairman Of The Board. Supreme Airs was described to me by Charlie Crabtree as "a World Champion everyday of her life."

The maternal grand sire on these papers is Who's On First. One of the names most associated with Stonewall Supreme is Tom Ferebee who bred Who's On First and stood him at his farm until sold to a farm in Michigan. The quality of stallion can be assumed by the people associated with him that include Tom Ferebee, Phil Hamilton (breeder of WGC Our Golden Duchess), and Isabel Robson- each one a very successful breeder.

Who's On First was sired by Mrs. Robson's RWC Fine Harness horse Sumac Witch Doctor. Witch Doctor's full sister CH Sumac-Lady was a several times Word Champion for Robson, and Barbara Goodman Manilow- she was one of the gamest and most beautiful mares ever!. They are both out of the Hall Of Fame broodmare Saucy Sultana. They are sired by Mrs. Robson's stallion Stonewall's Sumac Lad a grandson of Stonewall Supreme. To name a few of the world titled individuals from this literal fountain of greatness is an easy task WCAIberarm Supremacy, WCAIberarm Sorcerer, WCAIberarm Radiating Lady, WC Alberlarm Tradition, RWC Lesley Anne, BHF Globetrotting Lady, etc. To name all the successful ones of this

family is a chore I will forgo at this point. By any standards, it is a safe assertion that any horse associated with this family fits the term "well bred."

Any discussion on Stonewall Supreme should include his perhaps greatest son- Supreme Hi Lite who was RWC Five-Gaited Stallion in 1977, stood at Tom Ferebee Stable, and is the maternal grand sire of Who's On First. Supreme Hi-Lite was owned by Alice Seabright who hand picked him to replace Stonewall Supreme at the successful Hartmeyer Stables in Muncie, Indiana. The program at Hartmeyer's was under the domain of the legendary breeder Bob Whitney. Hi-lite's pedigree brings in the rare blood of WC sire Vanity's Vanguard and the Hall Of Fame Broodmare Precious Miss. The success of Vanity's Sensation (another #1 sire) and Precious Miss figure heavily into today's winners through the multiple WC sire, Merchant Prince.

The maternal grand dam is Valiant Guy's Diana. Here again, one can find greatness of bloodline in this grand daughter of WGC Valley View Supreme and WC/RWC Gallant Guy O'Goshen. The second dam of Valiant Guy's Diana is My Golden Dream Princess who was sired by Stonewall Golden Dream and out of the Hall Of Fame Broodmare and daughter of Stonewall King himself, Bobbie Stonewall.

This pedigree in five generations contains:

4 #1 sires.

Fourteen Hall Of Fame Broodmares

6 crosses to Stonewall King

4 crosses to Stonewall Supreme

2 crosses to Supreme Sultan
